Ottawa ON K1P 6L5

March 20, 2007

To: **Music for Life**, home of the African Children's Choir  
Cc: Mr. Gregg Kist

We are pleased to announce that your organization has been chosen to receive a \$1000.00 donation.

The sixth edition of the **C-Suite Quarterly Survey** has been completed this week. The survey, focused on pertinent business issues and opinions, was intended to inform and shape public policy and to facilitate a dialogue among business leaders on the topic of climate change. The C-Suite Survey solicited opinions and feedback from Canada's Top 1000 Corporations.

The C-Suite Quarterly Survey is commissioned by BNN and The Globe and Mail, Report on Business. It is sponsored by Davies Ward Phillips & Vineberg LLP and KPMG LLP and conducted by the Gandalf Group.

As a token of appreciation we donate \$1000.00 to the charity of choice of one randomly selected respondent once the survey is completed. **Music for Life** was the charity of choice for this quarter's winner, Gregg Kist, Vice President of Investor Relations and Marketing, from Progress Energy.

The results of the survey and the announcement of the donation to **Music for Life** will be revealed in the Globe and Mail in the Report on Business section and on our website at [www.gandalfgroup.ca](http://www.gandalfgroup.ca) on March 26, 2007.

May this donation help you in your endeavors to support relief and development projects for African children and youth.
